- AMP Superannuation Limited
- National Mutual Funds Management Limited
- The National Mutual Life Association of Australasia Limited

- Super IQ PtyLtd (49% interest held by AMP Group)

If we recommend a product or service issued by an AMP Group company, they will benefit from our recommendation by receiving product, administration and/or investment fees, as well as fees paid by fund managers to distribute their product. These fees are disclosed in the relevant product disclosure statement or other disclosure document.

AMP companies which issue products may also receive payments from fund managers for the inclusion and distribution of the relevant fund manager's investment options through products manufactured by AMP companies. These services and payments are included in the fees shown in the relevant product disclosure statement for the products.

Authorised representatives and staff may hold shares in AMP Limited, the ultimate holding company of the AMP Group which is listed on the Australian Securities Exchange. The share price of AMP Limited may be affected favourably by the sale of products issued by the product issuers listed in this document.

AMP Financial Planning's relationships with other companies

Issuers of products do not pay to be included on the approved products and services list, however product issuers or service providers that have been selected for inclusion may pay AMP Services Limited a fixed annual fee of up to \$22,000 (including GST). This fee assists with the costs of distribution support provided by AMP Services Limited and its representatives.

Product issuers may also make payments to AMP Services Limited as follows:

- For investment products and loan products, up to 0.33%* pa of funds under administration, the balance of the cash account or the total loan value outstanding.
- For insurance products, up to 10%* of the total premium paid.

* includes GST

The payments are usually made quarterly and are generally less any fixed fee that has been paid. Since this amount is calculated in the future, we cannot provide an exact figure at this point. However as an example, if:

- Total funds under administration for a particular investment product is \$10 million with a nil fixed fee component, the issuer would pay AMP Services Limited \$33,000 annually.
- Total premiums for insurance products are \$1 million, the insurer would pay AMP Services Limited up to \$100,000 annually.

From time to time, product issuers have access to AMP Financial Planning and its authorised representatives to advertise or give training on their products. Product issuers may contribute to the cost of attendance of AMP Financial Planning employees and authorised representatives at certain educational, professional development and other events on a public or restricted basis.

Our practice does not receive any part of these payments received by AMP Financial Planning.

WealthView eWRAP and PortfolioCare administration services

The range of WealthView and PortfolioCare administration services are issued by companies in the AMP Group. These companies have an agreement with Asgard Capital Management Limited (Asgard) under which Asgard administers the WealthView eWRAP and *PortfolioCare* administration services in addition to administration and support services also provided by AMP companies.

If you access a product in the WealthView eWRAP or *PortfolioCare* range, then administration and, where applicable, custodial share and trustee fees are deducted from your account. These fees, as set out in the product disclosure statement or IDPS Guide, are paid to AMP Financial Planning after deduction of expenses for administration and support services described above.

A full description of the fees is in the relevant product disclosure statement or IDPS guide for the relevant service. Our practice does not receive any part of these payments.

6. Paying for the services we provide

Our preferred method of payment is by an agreed fee. We will negotiate and agree fees and payment options with you prior to providing our advice and services. You will therefore know the services to be provided to you and what they will cost, before any services commence. If we are the servicing planner for your employer, we will agree any advice fee with your employer and disclose this to you.

You may choose to pay fees directly to AMP Financial Planning or where possible, they may be deducted from your product.

The actual costs will normally be shown in writing to you. You can also ask us for details of other payments or other support services or recognition we receive at any time before implementation is completed.

Our fees

The fees charged for our advice and services may be based on:

- A set dollar amount that is agreed between you and us and invoiced directly to you.
- A set dollar amount or percentage-based fee that is agreed between you and us and paid via your product.

Our agreed advice fees may include charges for:

- Initial advice
- Ongoing advice

For more information on our service fees, please see our Schedule of Fees attached or available on request. Please note that for services in relation to insurance, banking deposit products, some loan products and older investment products, commissions may be paid by the product provider as follows:

- Initial commission - a percentage of the value of your investment contributions, loan balance or insurance premiums, and
- Ongoing commission - a percentage of the value of your investment balance, outstanding loan amount or premiums, usually calculated at the end of each month in which you hold the investment or loan, or on renewal of insurance products.

All fees and commissions will be paid directly to AMP Financial Planning as the licensee, on our behalf. They may retain a percentage to cover their costs and the balance is passed on to us. The percentage is determined annually, based on a number of factors, including our business revenue for the prior year.

Other benefits we may receive

Received from AMP Financial Planning

In addition to the payments we may receive for our advice and services we may receive other support services. These can include financial and training assistance, prizes and awards or events in recognition of financial planning excellence and innovation. Further details will be disclosed to you when applicable.

We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items.

Development, management and advice recognition

We may be eligible for Development, Management and Advice (DMA) recognition payments based on our ranking performance relative to other AMP Financial Planning practices in the previous year. Up to 30% of all AMP Financial Planning practices may be eligible for DMA payments.

The DMA payment is based on a percentage of our practice revenue. Our DMA percentage will be set annually and may range from 0% to 10% depending on our ranking. The percentage is then applied to our practice revenue and the resulting payments are received twice a month.

For example, if our DMA is set at 3% and our revenue for the payment period was \$8,500, we would receive $\$8,500 \times 0.03 = \255 . Assuming an average revenue of \$8,500 per payment period, the total DMA payment received in a year would be $\$255 \times 24 = \$6,120$.

How our performance is ranked

Ranking of practices is determined yearly by a points system which is a broad measure of the growth and professionalism of our practice as compared to other practices in the AMP Financial Planning network. The points system is based on a combination of factors within a balanced scorecard such as the quality of our services, compliance, our business goals and our engagement with our clients through a measure called Advice Growth Index (AGI). AGI measures the value of our fee for service revenue and our clients' product holdings, over the previous year.

Business growth advice payments

All practices are eligible for Business Growth Advice (BGA) payments. The payments are based on our practice revenue.

BGA payments are set at 1% of our practice revenue. Payments are received twice each month. For example, if our practice revenue was \$8,500 in a payment period, we would receive $\$8,500 \times 0.01 = \85 . Assuming an average revenue of \$8,500 per payment period, the total BGA payment received in a year would be $\$85 \times 24 = \$2,040$.

Business buy-back option

If we leave the financial services industry or can no longer appropriately service a selection of our clients, and cannot find a buyer for our business, AMP Financial Planning will either look after our clients or appoint one of its authorised representatives to do so.

If this happens, AMP Financial Planning may buy back our business. The amount will vary depending on a number of factors including, our reason for leaving the financial services industry, the time our business has been established, the annual notional recurring revenue (both actual and any deemed revenue) of our practice and the quality of our previous advice.

Business conferences

Annual advice summit

The advice summit is an annual event which offers advisers the opportunity for professional development and to hear updates on AMP's thinking about the future of advice. AMP Financial Planning subsidises the expenses of authorised representatives who wish to attend. This benefit is valued up to \$1,200. This value is approximate, and will ultimately depend upon AMP Financial Planning's choice of location.

Professional education grant

To qualify, an authorised representative's practice must be one of the highest performing AMP Financial Planning practices and meet certain criteria. The qualifying criteria may vary and is based on the quality of our advice and ranking of our practice within the AMP Financial Planning network (refer to the Development, Management and Advice recognition subsection for further information regarding how we are ranked) received by our practice during the qualifying period. Depending on our ranking we may be entitled to receive a reimbursement in professional education expenses for up to two authorised representatives. This benefit is valued up to \$12,000.

Enhanced study programs

AMP Financial Planning rewards individuals who achieve outstanding results consistently over a minimum of 10 years. The qualifying criteria may vary, and is normally based on the quality of our advice and the ranking of our practice within the AMP Financial Planning network (refer to the Development, Management and Advice recognition subsection).

Benefits include participation in study programs within Australia or overseas. The value of the enhanced study programs can amount up to \$10,000 for the authorised representative. These values are approximate as they depend on the location.

Other support

Loans with AMP Bank

If we take out a practice development loan with AMP Bank, AMP Financial Planning may, as a limited offer, pay for example the application fees on behalf of the practice.

Indirect benefits from product issuers

We may receive other advantages from product issuers such as product and service discounts provided by employees and authorised representatives of the firm as a result of our, or AMPFP's relationship with these providers.

Any other benefits we will be disclosed in our written advice.

Both we and AMP Financial Planning keep a register of non-monetary benefits received. You can see a copy of this register by asking us or AMP Financial Planning.

We may also participate in business lunches or receive corporate promotional merchandise tickets to sporting or cultural events and other similar items, valued at less than \$300.

These items are in addition to other non-monetary benefits explained elsewhere in this Guide and that may be valued at more than \$300, such as conference attendance.
